A local guide for local weddings

We are building Westside I Do Guide to connect engaged couples with wedding professionals serving Lorain County and Cleveland's west side communities. Our goal is to simplify local wedding planning and give participating businesses a focused place to be discovered.

01 EXPLORE THE GUIDE

A welcoming starting point for couples planning close to home.

02 DISCOVER BY CATEGORY

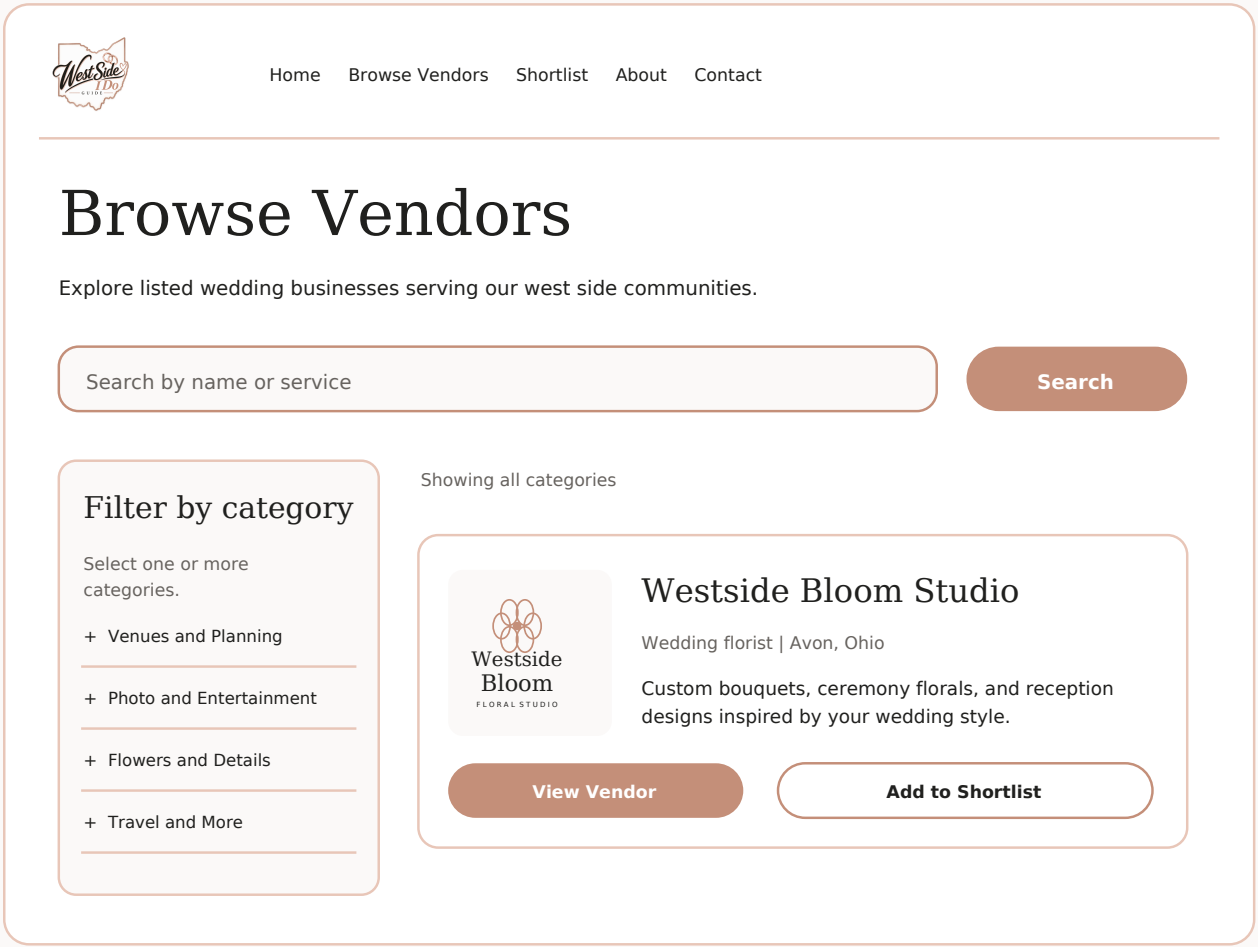

Couples can explore the services they need, compare vendor profiles, save favorites, and request information.

From venues and florists to photography and honeymoons.

DISCOVERY THAT LEADS TO CONVERSATION

Couples can find your business by category, open your full profile to learn more, and add you to their Shortlist. When they are ready, they can request information from their saved vendors through one form.

More ways to connect with couples

01

Your website listing

A dedicated profile with your business description, photos, and contact options, listed in your selected category.

02

Unlimited lead generation

Unlimited inquiries with no per-lead charge or lead cap. Couples can contact you directly or include you in a Shortlist inquiry.

03

The I Do Insider

Planned blog posts, wedding tips, local stories, articles written by vendors, and vendor spotlights. Members may be featured, subject to availability and time.

04

Exclusive Facebook Group

Only registered guide vendors may advertise in our planned Facebook group, limiting competing promotions and recommendations.

FROM DISCOVERY TO AN INQUIRY

01

Couples browse local services and find your business.

02

Shortlist

They request information and start a conversation.

Spotlight placement is subject to availability and time and is not guaranteed. Group advertising follows group rules. Lead volume and bookings depend on couple interest.
